

# STAYING INFORMED COVID-19 PANDEMIC

Bulletin FOR FAMILIES

May 28, 2021

In order to limit the spread of the virus, Groupe Santé Arbec wishes to remind you to respect the following measures regarding the use of the ventilation system:

- Airflow must not be directed toward the face.
- The fan rationing system must be turned off.
- All ventilation systems must be turned off in the presence of a loved one or 15 minutes before care or treatment is administered.

## Corridors and common areas

IT IS **NOT PERMITTED** TO USE THE FOLLOWING DEVICES IN THE PRESENCE OF THE RESIDENT:

- A wall-mounted heat pump
- A mobile air conditioner (window air conditioner or other)

IT IS **AUTHORIZED**, WHILE AVOIDING THE CREATION OF AN AIR CURRENT, TO USE/OPEN:

- A fan (on a stand, portable or other)
- Windows in the corridor or common area

## Resident's room – single occupancy

IT IS **AUTHORIZED**, WHEN THE ROOM DOOR IS CLOSED, TO USE/OPEN:

- A fan (on a stand, portable or other)
- A wall-mounted heater
- A mobile air conditioner (window air conditioner or other)
- The window in the room

## Resident's room – double occupancy

- A fan (on a stand, portable or other)
