

STAYING INFORMED COVID-19 PANDEMIC

SITUATION on June 26th, 2020 CHSLD Heather

In order to keep families well informed of the evolution of the situation in our establishment, here is the situation today:

1 positive case	stable
1 death	stable
3 recovered residents	stable
0 positive employee	
4 recovered employees	stable

The situation is still stable at CHSLD Heather, but we remain very vigilant and continue to carry out daily surveillance of residents and rigorously maintain and adjust the measures in place to ensure everyone's safety and avoid possible transmission between infected residents and others.

The CHSLD deconfinement plan has been initiated. However, both inside and outside establishments, infection prevention and control measures must be followed to avoid the resumption of transmission.

Visits are authorized and open to families, but to prepare for your visit, a meeting must be agreed between you and the site coordinator of your CHSLD. No one will be able to access an establishment without going through this process. The procedure will be the same as that we had done for family caregivers. You should pick up the Caregiver and Visitor Information Kit (in French Only) on our website at:

<https://groupesantearbec.com/trousse-proches-aidants/>

If you prefer to obtain our English kit, please call **514-820-7303**.

Thank you for your support

We thank you for your support and understanding. These past few months have been difficult for everyone.

Continue to monitor the messages that will be sent by email, on our website and on our Facebook page.
