CHSLD Heather

GOOD NEWS: MAJOR INVESTMENTS FOR CH HEATHER

As part of the financing plan for minor functional renovation work in officially recognized private CHSLDs, which we participated in, the Ministère de la Santé et des Services sociaux is granting a budget envelope of **\$444,393** to CHSLD Heather for several projects that we submitted. The work must be carried out in 2021-2022:

- ↪ Replacement of windows
- ↪ Repair of the back fence
- ↪ Repair of the curb and sidewalk at the main entrance
- ↪ Improvements to the bathrooms in units 1 and 2 including the central area
- ↪ Replacement and repair of the humidifiers
- ↪ Embellishment of the living environment
- ↪ Purchase of new equipment for residents' security, for example, hoists, monitors and rugs to prevent falls
- ↪ Hot food tables for meals
- ↪ Purchase of new ceiling lifts
- ↪ Purchase of beds and mattresses
- ↪ Electrical work
- ↪ Addition of gas detectors (kitchen and laundry),
- ↪ Improvement of the WiFi network, as announced on September 3

We are very proud of this investment, which will lead to a real improvement in the quality of life of residents and staff! We will soon be able to give you more details on the schedule for the work.

Stay tuned for further announcements in the near future.

Vanessa Arthur
Regional Operations Director
