BULLETIN FOR FAMILIES - CH Heather

December 18th, 2021

Recent Developments at CH Heather

One of our employees was diagnosed with COVID-19 and the employee was immediately removed from work. The situation was quickly taken care of in collaboration with the public health authorities of the CISSS de Lanaudière.

All residents who have been in contact with the employee are being monitored closely, but are not isolated at this time, as recommended to us by public health. The families of the residents concerned will be contacted quickly.

We continue to maintain and rigorously adjust the measures in place to ensure the safety of all.

Visits to the center are not changed at this time. However, the wearing of PPE must be strictly observed as well as the physical distance of 2 meters.

We will keep you posted if there are any changes.

We thank you for your support, your collaboration and for allowing, by respecting these measures, optimal security for our residents, their families and our employees.
